Nguyen Trieu

Front-end Developer || Graphic Design || Web Design & Developer || #100Devs

Commerce City

Summary

I am an experienced ex-business manager and a proudly self-taught front-end developer. I get out of bed every day with the excitement for coding, thriving to become successful in a development role, and passion to create many meaningful & innovative projects.

Abilities:
Experience with React (hooks), JavaScript, API, Git, CSS, HTML, NodeJS, Express, and Figma
Good understanding of design, development, and deployment
Experienced with Wix, Shopify e-commerce platform, and WordPress CMS
1+ year of Front-end development
2+ years working in digital marketing
5+ years in the management position

Tools I'm learning: MongoIDB
Tools I want to learn next: SQL | GraphQL | AWS | SASS | TS
